## SPONSOR INFORMATION

## ABOUT THE CRNC CONVENTION

Every two years, hundreds of College Republicans flock to D.C. for the College Republican National Committee (“CRNC”) Convention. These young activists are the preeminent conservative leaders in their communities, representing hundreds of chapters on college campuses in all fifty states, in addition to Puerto Rico and the District of Columbia. The Convention provides these trailblazers with an unparalleled opportunity to bond with their peers from around the country, while also connecting with like-minded organizations and learning from top conservative leaders.

## ABOUT THE CRNC

College Republicans is the nation’s oldest, largest, and most active youth political organization. Founded in 1892, there are currently over 250,000 College Republicans around the country on 1,800+ campuses in every state, plus the District of Columbia and Puerto Rico. Every year, College Republicans from all across America come together to help elect Republican candidates, support the Republican agenda, and become the future leaders of the conservative movement. College Republicans are the grassroots arm of the Republican Party – the counterbalance to the unions and leftist interest groups. The College Republican National Committee is an independent, section 527 political organization.
